

Plug-and-play offices

in a multi-tenant building with reception and canteen

Agern Alle 24, 2970 Hørsholm

We have an ambition to become
Denmark's first business area to
achieve DGNB Gold certification.

Office space in a thriving deep tech community

Find the office space that fits your company – from smaller offices to larger, flexible leases. Become part of a strong professional environment alongside other innovative deep tech companies in a vibrant multi-tenant building at DTU Science Park Hørsholm.

You will also have access to attractive shared amenities, including a canteen, meeting rooms, staffed reception and welcoming lounge areas – making everyday work easier and creating a great environment for your company to develop and grow.

You get:

- Functional office space with access to a kitchenette and well-equipped meeting rooms
- Shared canteen opening onto a pleasant, sunny courtyard
- Staffed reception with a spacious lounge area and Ricco's Coffee
- Flexible leases that make it easy to scale up or down
- Free parking right outside the building
- Access to a mobility hub with shared electric bikes and cars
- Attractive green surroundings with walking and running trails

In addition, you can:

- Get support from independent mentors who can provide valuable input on your business challenges
- Join professional networking activities and inspiring events
- Connect with relevant collaboration partners – including at DTU
- Become part of a deep tech community and network with like-minded companies

DTU Science Park offers a flexible lease with the possibility of scaling up or down as needed. At the same time, you'll experience a unique atmosphere with an ecosystem of like-minded entrepreneurs and access to exciting and relevant programs.

BAVARIAN NORDIC

An aerial photograph showing a large, green, forested area in the foreground, which is the DTU Science Park. The park is surrounded by a dense residential area with many houses and buildings. In the background, a large body of water (the sea) is visible under a clear blue sky. The year '2027' is overlaid in large green numbers on the left side of the image.

2027

DTU Science Park is the first business area in Denmark to achieve a DGNB Gold precertification. Our ambition is to obtain the final DGNB Gold certification in 2027.

Sustainable initiatives in DTU Science Park

DGNB Gold Certification in 2027

In 2026, DTU Science Park in Hørsholm was DGNB Midway certified for business areas. We aim for DTU Science Park in Hørsholm to become Denmark's first business area with DGNB Gold certification. While the final gold certification depends on several factors, we expect to achieve it in 2027.

DGNB is an ambitious and highly regarded certification that assesses over 400 sustainability parameters, including biodiversity, resource cycles, energy optimisation, mobility, and more. We continuously launch initiatives and projects that strengthen the area's sustainability qualities, benefiting both people and the environment.

To succeed, DTU Science Park involves and collaborates with its customers, making a determined effort to inspire sustainability efforts.

Examples of our focus areas

To reach our goal, we have outlined several strategic focus areas, including:

- Mobility solutions, e.g. car-sharing schemes
- Increased biodiversity and variation
- Shared waste management solutions
- Climate adaptation initiatives
- Social and professional interaction between customers

ESG data

Through our ESG report, companies in the park can access insights into DTU Science Park's climate and environmental footprint and use the data in their own reporting, documentation, or dialogue with customers and investors.

A world-class community

We help deep tech companies scale.

Join Denmark's leading deep tech community, share your everyday life with more than 315 other ambitious companies, and gain access to sparring, networking, and professional and social events.

How we support the companies in the park:

- A personal meeting with our Customer Engagement Lead to tailor the value offerings that best fit your company.
- A mentor team with independent advisors.
- Facilitate connections between DTU students and DTU's ecosystem.
- Matchmaking and collaborations with corporate partners.
- Support with fundraising and opportunities to participate in investor pitches.
- Networking and collaboration opportunities with other deep tech companies.
- Invitations to participate in social and professional events/workshops.

There is a very special spirit in the area. An incredible amount of knowledge and information is exchanged through the strong community in DTU Science Park.

Anne Schwartz

Vice President for Product Supply Site DK, ALK

We create the space for deep tech companies to grow

The physical facilities

We make sure you have the facilities you need to develop, operate, and grow your business, including:

- A beautiful, green, and well-maintained park just outside your window, ideal for walk & talks
- A staffed reception to welcome your guests
- An inviting and varied lunch scheme
- A cosy coffee bar
- Maintenance of your building
- Free parking spaces with charging stations for electric cars
- Bright, modern meeting rooms with AV equipment

Professional events

We host engaging professional events that support and strengthen your company's development while also providing ample opportunities for networking, meeting investors, and gaining access to expert advice. For example, each year, we organize Funding Bazaar, a unique pitch event in which the roles are reversed: investors and funds each get two minutes to pitch their value proposition to hundreds of startups.

Social events

A strong network is essential for great collaborations. That's why we arrange various social events each year, where you can build relationships while having fun. These include Friday bars, the annual CEOs' Christmas dinner, and cycling tours for life science and biotech enthusiasts working in the park.

Get access to Denmark's leading deep tech mentor program

Accelerate your time to market with DeepTech Mentoring

DeepTech Mentoring is a program where companies in DTU Science Park can receive targeted guidance on their current challenges.

About the program

- You get three experienced mentors.
- The mentor run lasts six months and includes sessions tailored to your needs.
- All sessions are 100% confidential.
- The mentors provide honest and impartial feedback on your challenges.
- The mentoring program is free for companies based in DTU Science Park.

A dedicated mentor team just for you

We match you with three mentors with different profiles and competencies based on the challenges you wish to focus on, such as product development, patents, strategy, organisational development, financing, and more. Through conversations and sparring, the mentors help strengthen and develop your business.

Who are the mentors?

The mentors in DeepTech Mentoring are experienced experts, former CEOs, serial entrepreneurs, investors, specialists, business developers, product experts, and more. All mentors are certified and work voluntarily.

With the help of the mentors, we have now got structure in the organization, and we have grown 60% in a year and a half. The sparring I have received has been an enormous help.

Christian Mammen
CEO, JJ X-Ray

Staffed receptions

We offer reception services in the multi-tenant buildings in Lyngby and Hørsholm. Our skilled receptionists welcome your guests and ensure visitors get a strong first impression of a professional workplace. They are also happy to receive and send parcels on your behalf

Lunch scheme

We have three canteens in Hørsholm and one in Lyngby. Here, you can sign up for the lunch scheme provided by Cheval Blanc Kantiner and enjoy a delicious buffet with hot and cold dishes that focus on health and organic ingredients.

Meeting catering

Cheval Blanc Kantiner is also happy to cater for your meetings and events. This could include snacks, breakfast, or an afternoon cake and coffee.

Fruit scheme

If you want to join our fruit scheme, you will receive a fruit basket with a fresh, seasonal, organic fruit selection. We handle all the practicalities, from ordering to delivery to the right departments.

Take-away

It is also possible to pick up take-away from the canteens with dishes from the daily buffet.
